“ Even though we were only cousins, we were close like sisters. I have so many memories that will forever be cherished. I am struggling with the reality that I will never see you laugh or hear your voice again. You were strong and a fighter who stayed in the battle for many years. I hope you found what you were looking for on the other side and that you finally have no more pain. Love ya always. Marie

“ Diana,

I have a lot of great memories when I was younger and even older. When you and my dad was together you took care of us like Laura and I was yours. I will always love you. You didn't have to take care of us like we was your own, but you did. I remember you getting Laura and I ready for school. You would make sure to do our hair. I will never forget you. There is more memories, but I would be sitting at this computer all day sharing memories.

Love your daughter (always)
