“ *Trudy and Judy I did not know in time to send condolence at the time of your dad's passing. So sorry for your loss. I had a visitation and funeral I was doing in Ottumwa on the same day as your dad's I see. I know it is a tough time and a heart breaker for us to loose our parent. I lost my dad when I was 25. You have been blest to have had him so many more years. But none the less the pain of lossing a love one is still there. My prayers are for a peaceful journey in healing and caring for each other and letting the family and friends here help support you in that healing process. My door is always open and so is my email and phone. Once a friend always a friend! May you know God's blessings and ours too.*

“ Dear Gert, Trudy, and Judy:

I just learned this Sunday morning of Tobe's passing when I opened my email and had a email from Julie Bettis. I really hate not hearing of his death earlier so I would have been able to attend the funeral. I will miss Tobe for sure. Trudy and I used to spend some time with Tobe when he was tinkering with "ole blue" in the shed behind the old house on south main street. Back in the days when he was working at Gambles I remember that Trudy and I would always show up down there at the store and bug him whenever possible!!! Gert, I will be sure to stop by next time I am in Albia.

Trudy and Judy, I would really love to hear from you. Trudy, if you have changed your email and/or phone please let me know as I have tried several times to reach you by email and phone with no response. The last time I heard from you was when you were headed to England.

I am retiring in June, 2011.

Gert, God Bless.....thinking of you,

Claire Capaldo
