“ Janice,

Please accept our sincere condolences in the passing of your father. As we know so well, it is so very difficult to say that final good bye to a parent who has been such a positive influence on our lives. Yet, life goes on and we must be thankful for the wonderful memories that we have shared with them. I have many fond memories, as a young boy, of your father, grandfather, and grandmother as your wonderful grandparents lived in my neighborhood as I was growing up in Albia. It was always fun to visit your grandfather's garage workshop and observe the talented hands of your grandfather and father at work. Although we are separated by two thousand miles, rest assured that you and your entire family will be in our thoughts and prayers.
