“ I've know Jack since he tormented me in study hall, back in the last century. I remember years later I stopped to visit with Frances left my car in the driveway-came back out turned it on and windshield washers were going, windshield wipers were whipping back and forth, the heater came on.....anything he could turn on he had turned on. He was in the door laughing. Jack was a good guy, Frances and him did a good job raising their kids and taking care of each other. Jack will be missed.

I shall miss his big warm smile and strong huge hugs! He dearly loved turning our kids upside down, holding them upside down by one foot and make them giggle till they could barely breathe!! I will forever miss how welcomed he made me feel. Love you Jack -- rest in peace and say HI to my mom and dad when you see them!!
