“ *I loved Jackie so very much we were so close, life without her will not be the same. She didn't complain and took what God gave her and made the best of it. She wanted to live so bad and after the transplant her words to me were "oh Marty I am going to start a new life I am so excited to be cancer free" She loved her family so much and wanted to live for them. I am truly blessed to have been Jackies friend for 38 years. I have so many good memories that I hope will get me tru this. I can truly say I have never had a friend I loved as much as Jackie. She always new how I felt and was there for me. I wish I could of been with her when she was so sick at the end. RIP my dear friend and we will meet again. I am sending a piece of my heart with you Jackie..See you in Heaven friend..*
