“ *Since I don't have any of your addresses I'm taking this means to thank you for your donation of Janice's fabric. A day care in Knoxville took a small amount of it to use for crafts for their children. Good Shepherd Lutheran Church in Knoxville has said they'll take all the rest of it for their service projects. So it has found a good home and will be put to good use. Thank you so much for your thoughtfulness.*

“ *Margaret,*

It was such a shock to hear about Janice's accident. Way too much hurt to endure in such a short period of time. You and your family, as well as Janice and her family, are in my prayers every day.
