“ I worked with Janice for several years when the Ottumwa VA clinic first opened. She became a very good friend. She showed such courage fighting cancer and the side-effects of treatment. This is a picture of the grand opening of the clinic, Janice and I are at the far left....

“ *It was a privilege and honor to work with Janice at the Ottumwa VA CBOC. She had a huge heart for veterans and would go over and above in providing nursing services. It was very evident she had a heart for the veterans she served. I was saddened and know it was a hard loss for Janice when cancer took away her ability to serve others through her nursing career. I know Janice loved her family because she spoke often and lovingly of them. Praying the LORD brings peace and comfort to each of Janice's loved ones during this time of sadness and loss. May her memory be a blessing!*

“ So many good memories with Jan for the past 30 years. We connected from day one working together. She was a hard worker with so much experience, I learned so many useful skills from her throughout the years. Always giving to others, making sure no one went without. From coming over to hold and sing to my colicky baby when I was frustrated and wanting to give up, to making holiday meals together, the prayers, advice, support, the humor and the love could only come from a once in a lifetime special friendship, and I feel so blessed to have a friend that became family to my family. Although for my own selfish reasons I will miss you, I knew you were tired my friend. Now you have been made whole again, and for that, I am relieved. You spent your whole life preparing for this journey, your work is done here, so rest easy and be at peace. Love to the family, lifting you all up in prayer. Monica
