“ *Very sad to hear about John. I heard just the other day. He talked about the house before retirement. It was fun working with him. I know some of the guys he plowed snow with. He was very diligent. Most of the drivers had kegs of beer in their garages. They often gathered at John's place to wind down . The hours of pushing snow in tough conditions took a toll on them. Listening to their close calls with near accidents resembled fishermen telling about how big that fish was that got away. I helped him build his garage in Nevada. That was his pride & joy, his hideaway you might say. After his two truck accidents where people rear-ended his truck pushing into the ditch, he worked for driver's services. He hated wearing those starched uniforms. Probably reminded of the Army. He was more comfortable working for the warehouse. He was more relaxed. He could joke around with the best of them. He was very effecient. His grin could put a smile on your face in a flash. His picture was still above his desk this winter as a reminder to the others that just let the bad days roll on by & that things would get better. Many of us missed his wit when he retired. Being a Nam vet as well, we swapped a few stories but mostly he kept his memories private. He was very respected. He will be missed . His grin & his wit will always be remembered.*

“ I just want to say what a GREAT man John was. He stepped into my life and my brothers, and I am so thankful that he took on the role to be my stepfather. I valued him as a father figure. What a kind, caring and giving man he was. I have never forgot all of the times that we spent together-talks, teaching me how to drive a manual transmission, and just showing that he cared beyond what he needed to do! For that I am grateful that I was able to share part of my life knowing him! To the rest of the Carmody family, I am truly sorry to hear of your loss, and you will be in my prayers. Take care and THANK YOU John!!!!

“ I will never forget John Carmody! He was the nicest man I've ever met! He was an angel on earth to my family in the last year. Anything we needed and he was there. Visits that they looked so forward to when they were both still in Melrose. Rides to Albia for my Mom to see Dad when he was hospitalized and then to Monroe Care. Helped me so much, then she could ride back home with me after work. When we were trying to get them together at Homestead, he insisted upon helping, bringing his trailer and helping us load and unload at Homestead. And all this with a back that I know was hurting him. Never a complaint, just what else can I do for you guys? We never got them back together, Mom moved in the day before Christmas Eve. Dad was getting weaker and he passed away on Christmas night at Monroe Care. But we tried hard and couldn't have done it without John. All the while he was still visiting them both and taking them Communion every Sunday. Our Angel on earth for sure! He will make a wonderful angel in heaven also! Just wished that there was something we could have done for him. To the Carmody Family you have our very deepest sympathy and our prayers for John. I hate that Mike or I cannot attend his service, as we are in Chicago. My very grateful Mother will be there with friends to honor this wonderful man. Our thoughts and prayers will be there with you all.

“ Such a tragedy to hear of this. I've been to his house many times while at mom's mowing for one thing or another. He will be greatly missed as a neighbor and to have him handy to help out in a time of need. I know Mom will miss just seeing him out and about and bringing his surplus of garden produce over in the summertime. Always a good neighbor and always pleasant to carry on a conversation with.
