“ *It was with a sad note that I opened my email to a message from Jerry Boblenz announcing the death of your mother. She was a very important part of my grade school experience as we had a very special class. It is hard to believe that she is really gone. I had lived away from Iowa most of my adult years, but came back to help with my mother and was able to see your mom at our 50th reunion. My heart goes out to your family.*
