“ My condolences to Margarets family. I am quite certain that Margaret was my very first teacher at Cottonwood school in Pleasant township Northeast of Albia. The year would have been 1927. In fact, I am also quite certain that she lived with our family at least some of that year. Her long life suggests that my antics as a primary student did not shorten her life any Ha! She must have done a good job on me as I went on to graduate from Albia High in 1940 and to become an Engineer for the Iowa Highway Department. Again, my sincere condolences to her family.

Sincerely,
