“ I had just found out about Mark March 16, 2016. I was not trying to upset anyone calling and asking about Mark. I was just so surprised he had passed and I was just trying to find out things and see if anyone had a previous picture of him. I have been trying to find him for a lot of yrs. He was my best friend in Calif. and I had to move away . So I have been trying to find him for along time. If I upset anyone I apoligize very much. I know this is hard on everyone. Mark was my bestest friend and will always be very special to me . Loved him dearly and will always. Thank you very much for having such a great guy! Maybe down the line you would get ahold of me.
