“ *So many memories with one of my lifetime best friends. She's the kind of person you ask yourself, How will I be remembered? You, MARRIDEE, will never be forgotten for your protective nature, your sarcastic sense of humor that we all loved and for the endless fun times we've had. It was an honor to call you one of my closest and best friends. Never will you be forgotten and will be missed by many. I'll tuck you away in my heart with love and memories.*

“ It is great sadness which brings us here to this web page. Yet we celebrate the life , love, and accomplishments of Dr. Randall. She is missed beyond measure, we must pray for strength for her family. I will always remember MARRIDEE as a 17 year old high school student arms full of books walking to school down Grand St in Charlton Iowa. Time has passed but memories remain. Our deepest heartfelt condolences to my dear friend Mike and his family. May you find comfort knowing all the good she did with her time here. God speed Dr. Randall.

“ Dr. Randall and I worked together from the day she started practicing in Albia to the day I retired 16+ years later. Talk about opposites attract!! But we were a good team and worked well together. I had her back and she had mine. She went above and beyond in caring for her patients, and yes, she considered them hers 😊. She was generous beyond description. Rest In Peace Dr. Randall...you earned it. You were loved by so many and will be missed by all of the lives you touched. Our sympathy to Mike, Zach, Matt, Sammy and family. She was a proud Mom and Grandma and I know she hated leaving you. You can be sure she will be keeping an eye on you!
❤️ You Dr. Randall.....Patty Hannam & Family

I didn't know Dr. Randall until I started working at the Clinic. I was very unsure around her because I didn't know her. All the girls told me her bark was worse than her bite! Over the years of getting to know her, I grew more and more a fan. Her quick wit and dry humor always made me smile. We shared a few funny moments from time to time, and she was always had a come back on every subject. She truly loved all her patients and cared for them like family. When she had to stop working at the Clinic we all missed her so much, and were hoping that she would someday be able to return. But, that was not to be. Her purpose now will be to watch over all of those her love her so much. Rest In Peace Dr. Randall. We all love you.

Dr. Randall had such a great way of taking care of her patients. I was a fan from the first time I went to her. So knowledgeable and compassionate at the same time. She also took great care of our mom in her later years and mom was so sad to hear of Dr. Randall's illness. Prayers for her family.

When I first started my nursing career Dr Randall was on call for ER one night. She looked at an X-ray and said to me come help me look for this book. So I followed her and we were looking all over for it. She didn't see it and I grabbed it and said is this it? She looked at me and said Smart ass. Haha. I knew I would like her from then on. We worked together through my nursing career, traveled with the hospital and roomed together in Florida. She taught me so much !! She was never arrogant or condescending. She was proud of her kids and deeply loved her family!! Deepest Sympathy to you all Mike, Zach, Matt, Sammi And Family!
