“ *To the whole family. Although I am not an imediate member of the family i feel that I am. Your mother was an amazing women, I would visit her these past years in the nursing home and she would talk about the good years on the farm and you kids. I did not make it home this year since the main reason I can home was to be with my mom and sibilings. Sorry I can't be there but I will be in thoughts and prayers from my heart.*

Love and God Bless
