“ Dana & Family --

I was so very sorry to hear of your mother's illness and passing. Your mom had a very warm and caring spirit. I remember many slumber parties and afternoons swimming in the pool, the hamper we had for psychology class that got loose in your house, and the trip that I took with you and your parents to Kansas City. Your mom always made me feel so welcome whenever I spent time at your house and I will always be grateful to her for that. Please know that you and all your family are in my thoughts and prayers during this difficult time.

Love,
