“ *I am so sorry to hear about Bill. I worked with him at the Depot in the Electronics Maintenance shop in the early 80s when I first started working there. Like others, we went to different jobs within the Depot over the years. Our paths crossed again while he was working at GD earlier this year. My prays go with you in this time of loss.*

“ I worked with Bill in electronic maintenance in the late 70's. We both went different directions in the NADEP in our careers but I will always remember him as a good guy. We worked well together and had a lot of good times. May the love of God comfort the family during this sad time.

“ I didn't know Bill , But I did know Larua and I know that she would only love the best kind of person ,so Laura and Bill's family have my deepest sympathy and my prayers for understanding God's plan for Bill and knowing why he brought Bill home so early in his life . Be strong and keep faith over God's sovereign plan .

“ My deepest sympathy to family and friends of Bill Waters. Bill and I became friends through a working relationship between the Fleet Readiness Center (Depot) at Cherry Point and Boeing IDS in St. Louis. Bill was a fair and honest person and we worked well together developing a good relationship for our respective entities all along the way building a friendship. In between hours of negotiations we talked hunting fishing and just the love of the outdoors. He will be a person this world will miss as Bill was to young and to good of a person to leave this soon. Again my sympathy to all.

“ So very sorry to hear about Bill. I've known Bill most of my 30-year career here at the depot. He also lived in my neighborhood in Morehead City for many years. In fact, I believe he actually took one of our labrador puppies back in the 80s, but that was so long ago. He was a kind-hearted man and always treated me with the utmost respect. God bless his soul. May his family find peace in knowing that he is no longer going through the pain and suffering.

“ Bill and I worked together 30 years ago. That was when I first started at NARF, which became NADEP, and then FRC. Many things have changed since then, but not my memory of Bill. Bill was kind to the new kid. I am sorry for your loss and grateful that he shared part of his life with me. God Bless you all.

“ I've known Bill for a very long time. He and I shared some fun moments together. He had a picture of he and Bobby Jefferson on the boat and the boat was sinking--did he ever show this to you? It would surely make you laugh during this sad time. Bobby Jefferson was a good friend of Bill's. When he retired, he was very happy. My thoughts and prayers are with you and your family.
